

Goals 2015-2016 Update

To ensure the success of students by providing diverse and high-quality educational opportunities and by implementing focused staff development.

To strengthen communication and outreach with the school community, the Highland Park community and academic partners.

To develop long-term plans for the district.

To develop and nurture the capacity of members of the district (staff, students, and administrators) to become well-rounded and engaged members of society.

What the Community Wants

“**Communication** is key! This means making sure the entire town is aware of what the schools are doing.”

“Constituent community members are looking forward to a resurgence in a **positive relationship** with the school district in terms of transparency and **improved communication.**”

“We also need someone who is gifted with **communication** and who has active listening skills.”

“The ideal candidate should have experience managing a small district and its unique benefits and challenges, and understand that in a town with our demographics that **communication is a high priority.**”
