

## **Honeywell Update- November 4, 2015**

Good evening Highland Park. This is Dr. Taylor with a call for parents and guardians to be part of a working “cabinet” of advisors willing to serve on the newly formed Superintendent’s Community Advisory Committee.

The Advisory Committee will serve to identify short term concerns of which the district leadership team may not be aware. After identifying these short-term needs, the group will work with the superintendent to create action plans framed by clear goals, timelines for achieving these goals, and indicators of successful attainment of the committee’s objectives.

This group will meet two to three times during the school year for approximately one hour each session. Meetings will take place in the superintendent’s office at the Bartle School and will focus on tracking action plan progress.

Please consider being a part of the Superintendent Advisory Committee. You can express your interest in serving by sending an email to [committee@hpschools.net](mailto:committee@hpschools.net). Please include in this email your phone number and relationship with the school district (i.e. parent, guardian, etc.).

I’m looking forward to launching the Advisory Committee’s first meeting in early December. For now, please have a good evening. My next message will be broadcast on November 18.
